

Fanny Giudicelli
Marine Akwa

- 🌐 Fanny Giudicelli has a master's degree in toxicology and pharmacology and a Ph.D in human nutrition.
- 🌐 Giudicelli worked for three years for an international group as business development manager specialized in aquaculture.
- 🌐 Giudicelli found Marine Akwa in 2016 to develop a new approach of aquaculture. This new vision is based on the use of marine raw materials to develop technical and innovative products dedicated to aquaculture.
