ECUADOR

SEPTEMBER 25-27, 2018

Why GOAL?

Be inspired by 60-plus speakers providing insight on the trends shaping the future of responsible aquaculture production and sourcing, while networking with more than 400 seafood professionals from 30-plus countries.

GOAL (Global Outlook for Aquaculture Leadership) is a pre-competitive event, an opportunity to put day-to-day business aside and bring together all industry segments to discuss shared responsibilities and goals. Since its inception in 2001, GOAL has been a must-attend event for the world's aquaculture thought leaders.

In a 2017 post-conference survey, 69% of respondents said they were "extremely likely" to recommend GOAL to an industry colleague.

GOAL features a three-day education program as well as multiple social and networking opportunities.
